SPONSORSHIP TIER and POP UP Shop COST

ARC’TERYX Brand experience + Cultural positioning, Omotesando + Christmas + content + placement:

Pop Up shop as part of the Exhibition experience

There is a possibility to setup an ARC’TERYX pop up shop in one of the gallery rooms as an integral part of the “One With Nature” exhibition experience. This would have to be managed with the greatest amount of respect for the artist, his works and GYRE integrity.

Perhaps a percentage of ARC’TERYX sales goes to support the “One with Nature” movement in Japan thorough funding and support of group excursions into the Japan wilderness. a co-venture with ARC’TERYX and The Artist, AML.

Cost of this would have to be estimated based on the premium retail location at such a high volume period.

TIER THREE, plus Retail estimation.
