GYRE
One of Omotesando's destination retail and community spaces serves as a high end retail and progressive voice in the Japan Retail scene, Illustrating how "Shopping is connected to the complex web of the natural world."

As a result GYRE's gallery is the perfect place to house Alejandro's, "One With Nature" December 2026 exhibition.

With annual visitor numbers ranging between 190,000 and 200,000, with December being the highest volume of traffic during the year.

Young, 25-35 male and female shoppers both Japanese and inbound with expendable income make up the vibrant traffic both shopping and restaurant activity.

Why Azuma Farm Koiwai

Azuma Farm Koiwai is not simply a backdrop for this project, the beliefs from both sides very much align. The farm's founding vision of slow living, connection to land, and respect for season is exactly what Alejandro's practice enacts every time he sets up his easel.

The residency is not a promotional exercise. It is a genuine creative encounter, the kind of story that only emerges when an artist and a place are truly aligned.

The alignment

Koiwai's philosophy: living close to the land, shaped by seasons, rooted in place.
Alejandro's practice: painting only on location, in direct dialogue with light, weather, and land.
